Made the special order for to-morrow, 12 o'clock.

On motion of C. J. Elford, the special order for the report of the Sunday School Board was suspended, in order that that report be now taken up. The Corresponding Secretary, Rev. J. O. B. Carson his alternate; Rev. J. A. Chambliss the Charity Sermon, Rev. J. B. Bostick his alternate. Agreed to.

On motion of Dr. R. Furman, it was

Resolved, That, in consequence of the absence of Brethren Brantly, Secretary, and Carwile, Treasurer, of the Bible Board, no report has been made, it is ordered that the Board have leave until the next session to make out their report.

A Committee of five, to nominate the Boards of the Convention, was appointed, consisting of brethren Carson, Chambliss, Mitchell, Gaffney, and Rice.

On motion of Dr. Manly, the following resolutions were adopted:

Resolved, That, notwithstanding the pressure of the times, the Foreign Missionaries, who have gone into heathen lands, in reliance upon the promised support of the Churches at home, must not be left to want; and since the loss and expense of their recall to this country would be sufficient to support them for at least one year in their field, we believe they should not be withdrawn.

Resolved, That it be earnestly recommended to our Churches to make continued and liberal contributions to the cause of Foreign Missions.

Dr. Curtis offered the following, which was unanimously adopted:

Resolved, That, in the present peculiar condition of our political affairs, it becomes us thus to assure our beloved country of our sympathies, prayers and thanksgiving on her behalf; that so far as we can understand the remarkable openings and guidance of Divine Providence, we have but received, in almost every instance, the merciful blessing of our God, as approbation upon the plans our State and Southern Confederacy have deemed it best to adopt; that now, especially, in the unprecedented, vindictive and

deadly strife against us, to which those who but recently spoke of us as brethren are urging one another, we can but rejoice in the oneness of our brethren of this State in prayer and effort to defend our homes, our liberties and our Churches, and encourage them to be assured that, as hitherto, putting our faith in God, though each of us may have much to bear, yet the rod will not finally rest upon us, but that in this most unrighteous and most wicked attack upon our otherwise peaceful homes, the wickedness of the wicked will return on their own heads.

It being the special order for the consideration of the question of a denominational State paper, after remarks from brethren Curtis, Carson, Huckins, Landrum, J. C. Furman, and Stepp, the whole subject was laid on the table.

Prof. Judson offered the following resolutions, which were adopted:

Resolved, That, in order to meet the deficiency of funds for last year's Minutes, the former Secretary be requested to call upon any Associations to which Minutes were sent, but which have sent no contributions for this object, to forward to the Treasurer ten dollars for every hundred copies received.

Resolved, That this Convention recommend to the several Associations represented in this body to contribute annually a definite sum for Convention Minutes, at the rate of ten dollars for every one hundred copies desired.

REPORTS.

1.—REPORT OF THE SUNDAY SCHOOL AND COLPORTAGE BOARD.

In accordance with the recommendation of the Convention, contained in report No. 11, page 63, of last year's proceedings, the Sunday School and Colportage Board held a meeting at Society Hill, August 8, 1860, and unanimously elected a General Superintendent. In order to carry out fully the objects of the Convention, the following resolutions were also passed:

Resolved, That the General Superintendent be instructed to visit the Associations and present the cause of Sunday Schools and Colportage, and endeavor to secure the coöperation of judicious brethren as District Superintendents, whose duty it shall be to organize schools, to collect all statistics connected with such schools, and to report to the General Superintendent.

Resolved, That it is desirable that a general Sunday School Convention be held at some suitable time and place every year.

Resolved, That the General Superintendent be instructed to press the claims of colportage upon the Churches, and recommend the appointment of at least one colporteur for each Association, whose salary shall be raised by contributions from the Churches and a per-centage upon the books sold; and that each Association keep a depository of religious books, to be supplied by raising a permanent fund of not less than one thousand dollars, to be perpetually reimbursed in books, and that the General Superintendent endeavor to impress upon the Baptists of the State the importance of the Southern Baptist Publication Society.

The Corresponding Secretary was appointed General Superintendent. But feeling it his duty, on account of the earnest opposition of his Church, to decline the appointment, the Board, after many prayerful consultations, succeeded in obtaining the valuable services of Brother W. D. Rice, whose appointment dates from the 20th of November, 1860, to the present time. Brother Rice's report is submitted below. For the salary of Brother Rice the Board rely upon the pledges made by the brethren last year.

From the 8th of August, 1860, to the time of Brother Rice's appointment, commencing on the 20th of November, the Corresponding Secretary acted as voluntary General Superintendent, under the authority of the Board. Guided by the directions of the Board, he directed a circular to brethren in every District of the State, and attended in person several meetings of the Associations. In all of his efforts in the great and good cause, he was cheered and encouraged, notwithstanding the difficulties and embarrassments from various adverse causes, with which he had to contend.

For further information in regard to this important and interesting field of labor, the Board desires to refer the Convention to the report of Brother Rice, herewith submitted.

At a meeting held on the 9th instant, the following order was taken:

The Board desires the Corresponding Secretary to state to the Convention that, under the present circumstances of the country, they do not feel authorized to recommend the continuance of the agency beyond the meeting of the Convention, but submit the question to the wisdom of that body.

The brethren who pledged their several amounts for the salary of the General Superintendent will please pay over so much of the same as will be necessary to a settlement with Brother Rice.

It would be injustice to Brother Rice to close this report without remarking that he has met in every respect the expectations of the Board. His regular reports have indicated an unwearied zeal and an earnest and devout desire and effort in all ways possible to promote this most important branch of Christian labor.

Very respectfully,

J. O. B. DARGAN,

Corresponding Secretary Colportage and Sunday School Board.

2.—REPORT OF THE GENERAL SUPERINTENDENT OF SUNDAY SCHOOLS.

On the first day of December last the undersigned entered upon the work of the General Superintendency of Baptist Sunday Schools in South Carolina, for which the Baptist State Convention, at its last sitting, made arrangements, under appointment of the Board. At the time indicated above the Sunday School cause in the State was not without interest manifested in various parts of it. Brother Dargan had appointed District Superintendents for nearly all of the Districts in the State. Some of these brethren had entered heartily upon the good work, and a manifest interest began to show itself in many sections. The General Superintendent has, from the beginning of his labors, found the Churches, everywhere, not only willing to *hear* of the plans of the Sunday School Board, but they have everywhere equally shown a willingness themselves to enter fully upon this good work, by engaging in it in their own Churches and neighborhoods. In no case does he remember that this remark will not hold when the Sunday School work has been discussed before the people. Nor does he believe there is a Baptist Church in the State of South Carolina where there would not be a Sunday School if the matter were fairly presented. In no single case has it failed so far.

It was a matter of concern with the Board and Superintendent to devise the most successful measures for reaching the greatest number of Churches in the time intervening between the first of December and the last of the present month.

The Associations had all held their annual meetings. Their Churches could not, then, be influenced through this source. The Southern Baptist had been suspended, and there was no medium of general communication whatever. There were no general meetings of any kind. The union meetings all occurring at the same time, offered little or no aid. In this state of affairs, the Superintendent for the State entered upon his work. He went immediately into the District of Barnwell, intending to visit the Churches as he went; for this purpose he purchased a horse and buggy, and passed through portions of Barnwell and Beaufort, but found that but a very small number of the Churches of the State could be visited in this way. To have visited all of the Churches in the District of Barnwell alone, would have taken the Superintendent an entire year, for there are fifty Churches in the District. This conviction was communicated to the Board, with the intention, which the Superintendent had then formed, of holding District Sunday School mass meetings, or Sunday School celebrations, one, two or more, for each District, as the necessity of the Districts might require.

The object of these District meetings was to gather together, at one place, all of the Sunday School children and Sunday School friends of a group of Churches, and in many instances the object was most satisfactorily attained. In a number of these meetings as many as ten Sunday Schools have been represented. In this way the General Superintendent was enabled to accomplish in one day as much as he could have done in so many weeks had he simply visited the Churches singly.

These mass meetings were held in nearly all of the Districts below Columbia, and none of them failed to be of the most interesting character, when the proper arrangements could be made. Through the influence of these meetings, nearly every Church in the lower parts of the State has been reached, and there are very few Churches there where there are not Sunday Schools. These meetings were held in the Districts of Barnwell, Beaufort, Orangeburg, Clarendon, Darlington, Marlboro', Marion, and Williamsburg, with the best results, and in the Districts of Chesterfield, Anderson, Abbeville, Sumter, Fairfield, with less gratifying results. The greatest difficulty with which we have had to contend, from the beginning till now, is the absence of a *denominational organ*, through which appointments could have been announced in every neighborhood, and announced so as to have been fully understood. This embarrassment has been sorely felt. A paper would have helped the Superintendent to forward, more than any other one agency, the work contemplated by the Sunday School Board. Without the aid of a paper, an immense correspondence has been continually upon the hands of the General Superintendent, and with all the writing

he could do, he found brethren in the District of ——, the 5th of this month, to whom he had to be introduced, the nature of his work explained, and the people told he was a true man, before they were prepared to listen to him in regard to his mission. Indeed, he found many excellent and well-informed brethren, to whom it had not been possible for him to write, entirely without information in regard to his work. Had we had a "paper," these ministers would have been "co-workers together with us," in our efforts to bring all of the little ones to the knowledge of the truth as it is in Jesus. Another cause of delay in the prosecution of this work, resulted from the refusal of many of the brethren, who were appointed District Superintendents, to act in that capacity. This embarrassment will not operate in the future, for the General Superintendent has found, in almost every District visited, brethren who will not only consent to do the work, but those who will joyfully do all they can in the capacity indicated, in forwarding the objects of the Board. To find such brethren took time, but is an important point gained.

The difficulty, and now the almost impossibility, of obtaining Sunday School books, and even the New Testament itself, has embarrassed many of the schools. This hindrance, however, is likely soon to be removed, if not wholly, at least so far as the New Testament is concerned. The book most needed, perhaps, is the little "Sabbath School Bell." This little book has been found to be a most powerful auxiliary, wherever it has been introduced, in exciting an interest in the Sunday School cause, not among the children only, but among the members of our Churches themselves. At one point, where the young people of the country could not be induced to attend the Sunday School by any persuasion or argument, as soon as these Sunday School tunes were introduced they applied to the Superintendent for permission to attend. If the expenses can be met, the "Sabbath School Bell" ought to be issued immediately by our Publication Society. Thousands of copies of it can be sold in a single year.

The influence of the present unhappy state of the country upon the Sunday School cause is by no means as discouraging as supposed by some. Indeed, it has not materially lessened the numbers of those attending the various schools. In many cases whole Bible classes have gone, as in the case of the Bennettsville Church. In other instances teachers have left; here and there valuable ones, but the great mass of the teachers remain. The material which operated mainly in the Sunday School before the war, namely, the females of the Churches, are still as actively engaged in the work as ever they were. While nine-tenths, if no larger proportion, of the material operated upon, the children and young people of the country, are still, also, at their homes, and can, by the *continued efforts* of the friends of the Sunday School cause, be retained, in the midst of all our troubles as a nation, in the Sunday School, where they may be taught how they may be good soldiers of Jesus Christ. But one Sunday School in the State of South Caro-

lina has suspended its operations on account of the state of the country, according to the best information of the General Superintendent, while it is a fact, perhaps indisputable, that there are in South Carolina a greater number of Sunday Schools in operation in Baptist Churches than ever before. Schools have been organized every week in numbers since the present troubles began. The great mass of the Sunday School material is at home, and will remain there, whether we have war or peace. The indications of the times, apart from any considerations of duty and obligation, encourage the friends of the children to renewed and continuous efforts in their behalf.

The Sunday School cause needs greatly the assistance which a system of colportage would afford. The District Superintendents have, in several instances, rendered very efficient aid to the General Superintendent, where they had the taste and the time to perform gratuitous services. Brother H. C. Smart, of Beaufort, District Superintendent for that District, has done as much for that District, perhaps, as any colporteur could have done had he been every day in the work, and so of Brother McIver, of Darlington District. Brother Coleman, of Marion District, Brother Hughson, of Kershaw, Brother Pringle, of Sumter, Brother Cuttino, of Clarendon, Brother McMichael, of Orangeburg Districts, and others, have all given much of their attention and time to the work in their respective Districts, and the result is that there are very few Churches in any of those Districts which are without their Sunday School attached. But brethren cannot always, though they desire it ever so much, give the time gratuitously as District Superintendent. This is true of nearly all the Districts in the upper part of the State visited by the General Superintendent. A colporteur in every District would, without any hindrance of time from the no less important work of colportage, be able to visit each Church in every District at least twice in the course of each year.

There is no colporteur in the employ of the Board, and but few in the State. Four are all of which information has been had. The General Superintendent has visited, during the past eight months, every District in the State, with the exception of seven. The attention of the Board was specially drawn to the Districts of Colleton, Marion, Williamsburg and York, and to the town of Yorkville. Efficient colporteurs or missionaries in each of these Districts are very greatly needed. Your State Superintendent has traveled, since the first December last, *four* thousand miles, visiting every accessible point, preaching, lecturing, talking upon the subject of his mission constantly, wherever the people could be congregated. He had printed blank forms for the reports of the Sunday School statistics, five hundred in number, and sent one of them to each Church in the State, when the name and post office of the Church was known. And when not known, a number of blanks were sent to the District Superintendent for each District, to the number required. The greater number, it is hoped, of these blanks were sent by the District Superintendents to the various

Churches. The General Superintendent, however, regrets to state, that, after mailing these blanks, he found a number of them afterwards in the hands of those to whom mailed, undistributed. This will be obviated in the future, by sending the blanks directly to the Churches themselves, Wherever this has been done, the Churches, for the most part, have filled them out and returned them. The number of Sunday Schools known to be in operation is much larger than the number which have made a report of the past year. Many of them, it is understood by private letters, have been waiting till the last hour, so as to be able to make the largest possible report, but have detained their reports too long. These reports were coming in rapidly up to the time of leaving for the Convention.

It will be seen by the statistical table, herewith submitted, that the whole number heard from so far is 163, with 1,360 teachers and 7,119 scholars. The whole number of books in the schools is 22,722 volumes. There have been 225 conversions reported, and $615 90 contributed for benevolent purposes. It has been found very difficult to obtain the statistical reports from the Churches in regard to their colored schools, as will be seen by noticing the very small number returned. A number of Churches are known to have colored Sunday Schools, which made no report of them, although there was a report of white schools. This is true of Charleston and other Churches. The Superintendent regrets to state, however, that the present troubles of the country have afflicted very seriously the Sunday School work among this class of the population. There is, in a number of localities, exceeding tenderness on the whole question of the instruction of the colored people. Some Churches have abandoned the work among them, even where there was an encouraging prospect of accomplishing great good. The number of Churches which at any time were engaged in teaching the negroes makes a lamentably small proportion of the whole. Is there any reason why this good work, promising so much real knowledge and spirituality among this class of our poor, should so soon be abandoned? These fields are white unto the harvest, but the laborers are few.

Your superintendent would call the attention of the Churches generally to the work of Mission Schools, in which only a few Churches of the State are engaged. Brother Elford, of Greenville, and his Sunday Schools there, are occupying all the ground in the vicinity of the town of Greenville, gathering together as many as *four* of these Mission Schools. At one point near Greenville, if no more, a School has been organized by Brother Elford in a neighborhood where the people were without any means of grace, and where, when the effort was about being made, many of those who knew the community thought that such an attempt would result in a failure only. And yet a School was organized there with sixty-four scholars, and, what is remarkable, the average attendance is sixty-one.

Brother J. O. Evans, of Cheraw, too, is engaged, and has been for a length of time, in gathering up the poor children and breaking to them, every

Lord's day, the bread of life. Brother Evans has a Mission School seven miles from Cheraw, numbering seventy-nine scholars. The young brethren, too, of the Southern Baptist Theological Seminary and the Furman University, are doing good service in the direction above indicated. May not the influence of these young men be more widely felt during the months of their vacation?

It will be gratifying to notice, by the statistical report, that a number of strictly country Churches are keeping their Schools together during the entire year. The custom of our Churches has been, almost universally, to suspend operations during the entire winter, and a large portion of the spring—the result of being disorganized. The habit is most destructive of all Sunday School interest, and in not a few instances, of the Sunday School itself. Your Superintendent has opposed this thing wherever he has gone, and is gratified to be able to state that there is a disposition to abandon it.

In concluding this report, the Superintendent desires to express to his brethren of the Board, and everywhere, his high appreciation of the kindness with which he has been received and aided. He would also record the goodness of God, with gratitude to Him, that He has permitted him to share an humble part in the endeavor to urge the blessed work of preaching the Gospel to our *thirty thousand* children.

Respectfully submitted,

W. D. RICE, Gen. Sup. S. S. in S. C.

4.—REPORT OF COMMITTEE ON THE REPORT OF BOARD OF SUNDAY SCHOOLS AND COLPORTAGE.

The Committee to whom was referred the report of the Board of Sunday Schools and Colportage, respectfully beg leave to report: That, notwithstanding the many hindrances to which the Board and their General Superintendent allude in their reports, we have abundant cause for thankfulness, for the success which has crowned their efforts, and we feel convinced that the plans which they have adopted are well calculated to promote the objects which they have in charge, and should be continued.

Your Committee entertain no doubt as to the propriety of continuing the operations of the General Superintendent, and feel that the discontinuance, or even suspension, of this agency, would be disastrous to our hopes for the future, and would greatly diminish the value and efficiency of much that has been done in the past. They think there is no difficulty in relation to the support of the General Superintendent, at least for the coming four months, which is the period most favorable for operation in the upper Districts, where as yet but little work has been done. The Board have in their hands reliable pledges for the salary of the Superintendent for one year, and as yet but eight months of this time have been occupied. This leaves a balance sufficient to provide for the coming four months. The Committee hope and believe that the present Superintendent will be induced to rely upon these pledges for the payment of his salary, and thus relieve the Board and Convention from any liability for what labor may be performed until the first of December next. From the liberality and interest which is evinced by our brethren in this enterprise, your Committee have little doubt that during these four months provision can be made, by pledges and contributions, for the support of a Superintendent for another year.

Your Committee would, therefore, recommend that the Board be advised to continue the General Superintendency for the coming four months, at all events, and then for so much longer as they can make provision for his salary, and that the Associations, Churches, Sunday Schools, and individual brethren throughout the State, be earnestly and affectionately invited to contribute to the support of this good and important cause.

All of which is respectfully submitted.

C. J. ELFORD, for Committee.

8.—REPORT OF THE COMMITTEE ON NOTICE OF DECEASED MINISTERS.

Rev. Thomas Frean, of the Charleston Association, on the 7th of April last, in the 69th year of his age, was called home to his everlasting rest.

He was a native of Tipperary, Ireland. He migrated to this county before he was twenty-one years of age. He was educated for a merchant, and pursued that business for a brief period in Charleston. In the war of 1812, he, with other foreigners, was ordered into the interior. He came to Newberry, where he subsequently married Hannah Elmore. He returned to Charleston, and entered on the mercantile business, which he pursued for a short time. He then removed to Newberry, and pursued the same business unsuccessfully for a short time. He became afterwards a teacher, and subsequently removed with his father-in-law to Spartanburg, where he pursued the business of a teacher. He returned to Newberry, and fortunately was led to Christ, and became a teacher of the Word. For years he was a local preacher in the Methodist Episcopal Church. After some time he became convinced that the Baptists were right, and joined the Newberry Baptist Church. He was ordained, and became the Pastor. He was, after some time, elected Surveyor General, and removed to Columbia. He became a member of the Columbia Baptist Church, and occasionally preached to them. At the expiration of his term of office he became the Deputy Treasurer, and for ten years most faithfully and intelligently performed the duties of that office. In a few years he saw his entire family, with the exception of one daughter—his son, his wife, and two daughters—go down to the grave. On the 7th of April last he followed them, dying at the house of his son-in-law, in Newberry.

Elder M. Mullinax was born in York District, S. C., and died in ——, 1861, aged forty years. He was converted, baptized, and added first to the Antioch Baptist Church, in his native District. He afterwards removed his membership to the Union Baptist Church, in the same District, where he was ordained a minister of the Gospel of Jesus Christ, which he continued to preach faithfully till he was called to his reward.

He was a godly man, and served his Master with much zeal and self-denial. Though not strictly an "able minister of the New Testament," yet he was acceptable to those with whom he labored, and his labors were much blessed. He has left a wife and two children to mourn his loss.

JOHN G. LANDRUM, Chairman.

[A notice of the late Rev. I. E. H. SEYMOUR, of Union C. H., was to have been included in this report.—SECRETARY.]

CONSTITUTION,

REVISED AND AMENDED.

We, the representatives of the constituent bodies of the State Convention of the Baptist Denomination in South Carolina, do agree upon the following Articles, as forming the annexed Constitution of the Convention, and the basis of the union:

ARTICLE I.

This body shall be styled the State Convention of the Baptist Denomination in South Carolina.

ARTICLE II.

The grand objects of this Convention shall be: The promotion of religious education, and particularly that of pious young men designed for the Gospel ministry; the spread of the Gospel by Foreign, Domestic, and State Missionary operations; by the circulation of the Sacred Scriptures; and by such means as may be devised from time to time, for the promotion of the interests of Education, Publication, and the Sunday School system—to bring the Baptist Churches in this State into closer union—to harmonize their views and feelings in things spiritual, by conferring together on all matters of interest respecting the kingdom of God—and in general to direct and concentrate their efforts in such measures as may, in their opinion, tend to promote the glory of God and the spread of evangelical knowledge in the earth. The Convention, though not unwilling to give advice in cases of difficulty, yet will claim

to itself no power to lord it over God's heritage, believing that the right of government, under Christ, is vested in the Churches themselves.

ARTICLE III.

The Convention shall consist of Delegates from the several Baptist Associations in this State who may approve of the measures here adopted; and of Representatives from other religious bodies of the Baptist connection, concerned in the promotion of the same objects with the Convention; the number of Delegates and Representatives bearing always a just proportion to the number of their constituents. The attending delegates shall be a quorum to do business. The appointment of these Delegates shall be made annually or biennially, as the Convention shall determine to hold its meeting; and a certificate of their appointment shall be exhibited to the Convention. The members of the Board of Agents shall be *ex-officio* members of the new Convention.

ARTICLE IV.

The Convention shall have a President, Vice President, Secretary, and Treasurer. It shall also have a Board of Agents for the transaction of business during its recess, consisting of eight members—the Treasurer *ex-officio* being one of them—any three of whom, duly convened, shall be a quorum. The duties severally assigned to the officers of similar institutions shall devolve on those of this body, according to their rank and character in the Convention and in the Board. The Board, as Agents, shall be adequate to the performance of all necessary business which may occur during the recess of the Convention. Both officers and Agents shall hold their station—unless forfeited by unrighteous conduct—till a new election. The Board shall have the power to fill vacancies in their own body.

ARTICLE V.

The support of an institution of learning in this State shall be considered as a primary object. One of the designs of this Institution is to assist those who, in the judgment of their Churches, are called to preach the Gospel, that they may "study to show themselves workmen approved unto God, that need not be ashamed, rightly dividing the word of truth." Those of this character who need pecuniary aid, may receive it, at the discretion of the Convention, from funds appropriated to this object. The government of this Institution shall be committed to a Board of Trustees, to be elected by the Convention at the end of every fourth year.

ARTICLE VI.

Ministers of the Gospel in any of our Churches needing aid in the more necessary part of learning, and unable to attend at the Institution, may be furnished with a supply of the most useful books, from the general fund for education purposes.

ARTICLE VII.

Although contributions in money shall not be considered requisite to entitle to a representation in the Convention, yet this body will receive such contributions from any of its constituent bodies that may wish to aid in the support of missionary service among the destitute, either at home or abroad; of the education of pious young men who may be approved by the Churches to which they belong, as called of God to preach the Gospel; or any other scheme of benevolence tending to the increase of evangelical and useful knowledge, or of vital, practical religion. And the right of conducting the business of the fund will be considered as vested exclusively in the representative of bodies which do regularly contribute. In the election of the Board of

Trustees of Furman University, the vote shall be cast only by the representatives of the larger bodies, viz: Associations—which enter into the constituency of the Convention. The extent of this right on the part of each Association, shall be measured by the amount it may have contributed to the vested funds of the Convention, whether this contribution shall have been made directly by the donation of Churches or of individuals within its limits; and the contribution of each sum of *one thousand dollars* shall give the contributing body the right to cast *one* vote. All moneys specially appropriated shall be sacredly applied to the object designated; but where any contributions or bequests are made without any specific designation, discretion in their application shall be exercised by the Convention or its Board of Agents.

ARTICLE VIII.

The Treasurer shall take charge of all moneys and specialties belonging to the Convention, and keep separate accounts of the amounts contributed for different objects, and render regular accounts of them to the Convention at its stated meetings, and, also, to the Board, when called upon to do so. He shall be elected by the Convention at its stated meeting, and shall hold his office until the last day of the next meeting, and until another shall be elected and give bond, and enter upon the duties of his office. For the faithful discharge of his trust he shall give bond and security to the Convention, in such sum of money as they shall from time to time direct. He shall pay no money out of the funds but by order of the Convention or Board, signed by the presiding officer. And should the said office become vacant by death, resignation, or removal, the said vacancy shall be filled by an election by the Board of Agents, and the person so elected by the Board shall hold his office until the next stated meeting of the Convention, and until another shall be elected, give bond and security,

and enter upon the duties of his office. And the Treasurer so elected shall give bond, and do all the duties required, and in the same manner, as if elected by the Convention.

ARTICLE IX.

The Convention may use its discretion in having either an annual or biennial meeting. But in cases of important concern, and especially when the arrangement for a biennial session has been made, the President may, at the instance of the Board, call an earlier meeting.

ARTICLE X.

Any alteration which experience may prove to be necessary, may be made in these Rules, by the concurring vote of two-thirds of the members present at an annual or biennial meeting.

RULES FOR THE TRANSACTION OF BUSINESS.

1. The meeting of the Convention shall be opened and closed, each day of its session, with prayer by the President, or by some person whom he shall request to perform the services.

2. After prayer on the first day the names of Delegates shall be enrolled, officers shall be elected, and when the body is organized, applications for membership from new bodies be decided on, and if admitted, their attending Delegates shall be received by the right hand of fellowship. The Constitution of the Convention and the Rules of Order shall then be read.

3. The Minutes of the preceding day shall be read, to the end that mistakes, if any shall have been made, may be corrected.

4. Persons invited to seats in Convention shall have the privilege of speaking in debate, but not of voting.

5. The members of Convention shall retain their seats, preserve silence, and refrain from conversation during the reading of the Minutes, while the presiding officer is putting a question, or when any member is speaking in debate.

6. No member shall absent himself from the meeting of Convention without permission.

8. No member shall speak oftener than twice in any one debate on the same day, without permission from the Convention.

9. When two or more members rise nearly at the same time, to address the Convention, the President shall name the one to speak, being the one who had first risen and addressed the Chair. After he shall have spoken, those who had risen with him shall be heard in the order of their rising, in priority of all others, should they still desire to be heard.

10. When a member shall be called to order, he shall sit down until the Chair determines whether he is in order or not. An appeal, however, may be made from the decision of the Chair to the Convention.

11. No motion shall be debated, nor the question upon it be put, unless it shall have been seconded; and then, if required by the President or any member, it shall be reduced to writing, delivered in at the table, and read before the debate begins.

12. When a question is under debate, no motion shall be received, except to adjourn, to lay on the table, to postpone indefinitely, to postpone to a day certain, to commit, or to amend; which several motions shall have precedence in the order in which they stand there arranged. Neither of these motions, with the exception of that to adjourn, after being decided, shall be allowed again on the same day upon the same question.

13. A motion to adjourn shall always be in order, except when a question is actually put, and the Convention is engaged in voting.

14. If the question for debate contain several points, it may be divided at the request of any member.

15. In filling up blanks, the largest sum and the longest time shall be first put.

16. When the question has been once made, and the vote taken, it shall be in order for any member in the majority to move for its reconsideration.

17. All questions shall be put by the President, and the members shall respectively signify their assent by answering "Aye," and their dissent by answering "No." If the President, or any member, shall not be satisfied that the decision expressed by the ayes and noes is certainly ascertained, the President shall request those who voted in the affirmative to rise and stand until they shall be counted. After these shall be seated, the President shall request those who voted in the negative to rise and stand till they shall be counted. In the event of an equal division, the President shall have the casting vote.

18. When the President shall desire to be heard in debate, or to be temporarily absent, the Chair shall be taken by the Vice President; or, in case of his absence, by some member named by the President, until he shall resume his seat.

19. The following Standing Committees, to consist of five members each, shall be appointed by the President at the commencement of each session, viz:

A Committee to arrange the Preaching during the meeting.
A Committee on Accounts.
A Committee on the Minutes and Letters of Corresponding Bodies.

M., of the third day of the session of the Convention—each of these two last-mentioned Boards having equal privileges of addresses with the former. The Convention may, however, with the consent of the respective Boards, alter these appointments.

The resignation of Rev. J. M. Chiles, as a member of the Board, was accepted, and the Rev. L. R. Gwaltney, of Edgefield, elected to supply his place.

Brother Boyce tendered his resignation as a member of the Board, which was accepted.

The Faculty of the University submitted their report. It was referred to the following Committee: Landrum, Duncan, and Dargan.

The Agent of the Board, Brother Duncan, submitted his report, and the following brethren were appointed a Committee, to whom the report was referred, viz: Watkins and Dargan.

The Treasurer's report was presented, and referred to the following Committee, viz: O'Neall, Watkins, and Landrum.

Adjourned, to meet at the call of the President.

SATURDAY EVENING.

On Saturday evening, at the call of the President, the Board met.

Elected Brother Wm. Curtis a member of the Board, to supply the vacancy occasioned by the resignation of Brother Boyce.

Elected Brother H. A. Duncan Second Vice President, in the place of Brother Chiles, resigned.

The Committee on the Treasurer's report reported that they found the statement of receipts and expenditures correct. They recommended that, to meet the crisis of the affairs of the country, and the necessities of the University, the principal, when paid in, be used as a loan. They further recommended that a reduction be permitted, as suggested by the Treasurer, in the case of such students as may have paid in advance, but been away in the service of the country, on entering another term. The report was concurred in.

The Committee on the report of the Agent reported, whereupon the following resolutions were passed:

Resolved, That the Board approve of the suspension of Brother Duncan's agency during the winter; and that his salary be reduced, as he suggests, in proportion to the time of suspension.

Resolved, That, in the existing circumstances of the country, the Board deem it inexpedient to continue the agency for the present; but should Brother Duncan think circumstances favorable to his prosecuting the agency hereafter, the Board will cordially approve of his doing so.

The Committee on the Faculty's report reported, recommending that degrees be conferred on the young men of the graduating class, as suggested by the Faculty. They also recommended that the resignation of Prof. Lanneau, which had been tendered, should not be accepted; and that, if necessary, temporary provision be made by the

Faculty to supply his Chair during his continuance in the army. The report was concurred in.

Adjourned, to meet at Greenville on the first day of the meeting of the Convention, in July, 1862. Prayer by Brother Curtis.

R. FURMAN, Secretary.
